By signing this form:

- ✓ I agree to protect the sanctity and privacy of all individuals that I have the opportunity to minister with and to while under the covering of Wind and Fire Ministries. I will not share names or intuitive details outside of WFM staff and then to other staff only for the benefit of the person being discussed in an identifiable need to know basis.
- ✓ I also understand that I choose to treat individuals we minister to as I would like and expect to be treated in respect to my own personal information.
- ✓ I will treat and handle any information or actions by individuals being ministered to, the Holy Spirit or things Jesus shares as sensitive and personal. I choose to protect the continuing work of the Lord in their lives.
- ✓ For Instructive purposes, approved by leadership, I may share generalities of experiences and history as long as it does not lead by conclusion or intuition the identity of individuals in a specific session or situation.
- ✓ I will not speak toward or about any person being ministered to, staff or leadership in a derogatory or critical spirit. Conflicts will be handled biblically by first, person to person, then if unresolved, with direct leadership, and finally the Executive Board if needed.
